Support Palestine BOYCOTT ISRAELI GOODS

The Israeli State launched a horrendous war against the Palestinian people in the Gaza Strip on 27th December 2008. Many hundreds of Palestinians have been killed and thousands injured.

The horrendous images of war have been brought into our homes with the relentless Israeli bombardment of homes, hospitals, schools, humanitarian aid convoys and ambulances.

Israel's actions are illegal under international law, specifically Article 51 of the UN Charter. Human rights lawyers throughout the world have called on Governments to intervene and stop Israel's attack on Gaza.

Take Action to Protest Against the Israeli slaughter in Gaza!

Things **YOU** can do:

- Boycott Israeli Goods - check the label!
- Write to your TD and demand that pressure is exerted on Israel to end the humanitarian crisis in Gaza. Check out www.ipsc.ie for sample letter.
- Get involved with groups and organisations supporting justice and freedom for Palestine.

Everyone has his and her own part to play.
